Summary

Hi, I'm a Full Stack Developer with expertise in HTML, CSS, JavaScript, Python, SQL, and Django. I love creating user-friendly, responsive, and secure web applications. Additionally, I have experience deploying websites using various tools like AWS. As a tech content creator, I enjoy sharing my knowledge and passion for coding. I run a YouTube channel with tutorials, tips, and projects related to web development, AI, and ML. Furthermore, I possess video editing and production skills, allowing me to create engaging and informative videos.
